

Thème : Les défis mondiaux

Sous-thème : L'environnement

Les questions essentielles :

- What is the purpose of a weather forecast?
- How does the weather affect our lives?
- Why do people recycle?

Presentational Speaking: *La météo chez moi*

- Prepare a presentation in French describing the weather where you live. Your teacher will decide if you need to include areas from the entire country or just the region where you live.
- Include at least five cities in your presentation.
- Include a map with visuals.
- In addition to using information acquired from the weather portion of this unit, include words/expressions from the Suggested Vocabulary for Presentational Communication.

Use the space below to brainstorm your ideas.
